

THE CONNECTION IS EVERYTHING

When it comes to finding the right partner to design, build or manage your critical IT infrastructure, the connection is everything. That's why global businesses trust Onnec.

WHO WE ARE?

We are a leading independent technology partner and global integrator with over 30 years experience and a 800+ global team of technical experts, specialising in providing end-to-end connectivity solutions that propel organisations everywhere.

From structured cabling, networking, connected devices, workplace insights and managed services, our end-to-end services give you the infrastructure you can completely rely on. Design. Build. Deploy. Optimise. We offer a complete solution for business connectivity. With everything from foundation to innovation from one supplier, you can ensure that your business is set up for success. Now – and for whatever comes next.

WHY CHOOSE US?

- **Trusted at the top**
Our high quality of work has been rewarded with the trust of numerous blue chip companies in more than 40 countries.
- **30+ years experience**
Customers benefit from decades of experience and industry-leading standards – deployed at a local level.
- **Partnered with world leading manufacturers**
Strong partnerships are key to us giving the solutions you need. That's why we work with all major providers of network and infrastructure technology.
- **A global partner at a local scale**
Our expertise and global partnerships mean we can be a single point of contact for the life cycle of your entire project.

OUR SERVICES

Structured Cabling

As a global leader in structured cabling, our specialist team design and deploy copper and fibre cabling solutions from the ground up.

Networking

Delivering scalable, high quality networking infrastructure that keeps you connected – from LAN, Wi-Fi, 5G and In-Building Cellular solutions.

Managed Services

From local break-fix support to large-scale changes, our highly trained on-site and field engineers bring the same expertise and energy to every task.

Onnec iQ

Connect building and energy data into one holistic view to enable a smarter building, with our software platform Onnec IQ.

Connected Devices

From a single smart chip to a comprehensive control hub, connect your building and IT systems to create secure, connected experiences for your people and spaces.
